

FREEDOM
ACNE Combat Collection
Clarifying & Healing Naturals

FREEDOM for your skin means FREEDOM from irritating Synthetic Preservatives (Parabens), Chemicals, and Sulfates that cause inflammation. Inflammation ravages the skin with free-radicals has been well documented to cause premature aging, so it is essential to minimize inflammation of the skin.

This micro-active, deep-reaching complex of skin-loving herbs, minerals and vitamins clarify, tone, and balance acneic skin.

Key active ingredients include:

- ◆ **WILLOW BARK EXTRACT** is a natural painkiller, antiseptic and anti-inflammatory. It is rich in Naturally Complexed Salicylic Acid, a Beta Hydroxy Acid (BHA) proven to slough away dead skin cells and enhance healthy cell renewal. This non-irritating hydroxy acid activity also minimizes age spots, acne discoloration, fine lines, and softens rough skin.
- ◆ **VITAMIN C** is a soothing and powerful anti-bacterial and anti-oxidant. Fights free-radical and sun damage. Purifies, brightens, and smooths the skin by repairing damaged skin cells and boosting new, healthy cell production.
- ◆ **VITAMIN E** is a natural preservative, antioxidant, and anti-inflammatory that helps the skin recover faster as it has excellent wound healing properties.
- ◆ **WITCH HAZEL** and **LEMON** are astringent, antiseptic, antioxidant, anti-inflammatory, wound healing, and calming **CITRIC ACIDS**. The skin rejuvenating powers of citric acids are well documented.
- ◆ **JOJOBA OIL** reduces the overproduction of sebum.
- ◆ **CALENDULA** flower has potent antiviral, detoxifying and anti-inflammatory powers. It helps calm irritation and swelling and controls bleeding.
- ◆ **ORGANIC SULFUR (MSM)** is commonly referred to as the "beauty mineral". MSM makes cell walls permeable, allowing water and nutrients to flow freely into skin cells and detoxifies waste. Plays a major role in the production of hormones and enzymes which regulate the skin.
- ◆ **ROSEMARY** combats infection, tones and strengthens the skin. Increases cellular circulation and contains anti-aging antioxidants.
- ◆ **ECHINACEA** protects the skin from sun damage. It maintains the skin's ability to retain moisture. Detoxifies from pollutants and bacteria.
- ◆ **CHICKWEED** promotes healing, relieves itching, eczema, acne, and inflammation.

- ◆ **NETTLE LEAF** and its ash are phyto-nutrient and mineral dense botanicals. Natural source of proteins, Calcium, Phosphorus, Iron, Magnesium, Beta-Carotene, along with vitamins A, C, D, and B complex to support healthy skin.
- ◆ **TUMERIC** is an herb that enhances cellular energy which in turn increases collagen production and repair. It is also an anti-inflammatory and an effective wound healer and treatment for skin diseases.
- ◆ **NEEM OIL** is antibacterial, antiviral, antifungal, antiseptic derived from the Neem tree.
- ◆ **TEA TREE OIL** is a potent antifungal, antibiotic commonly found in holistic acne remedies.
- ◆ **GRAPE SEED OIL** is an essential oil with fast-absorbing skin moisturizing properties and regenerative and restructuring benefits.
